

206th Hinode SSC Meeting on 21st March 2024 at 07:00 JST

Short Summary, Conclusions and Actions

a. Program Status

1. Instrument Status Review

SOT is nominal

XRT is nominal

EIS is nominal

2. Report on Changes to Instrument Telemetry Allocation

There are no further reports on telemetry allocation changes.

No issues with the new arrangement for periods when telemetry useage is unusually high have been reported.

3. FM Calendar

Currently in Nominal Mode.

4. HOP Prioritisation

SSC asked by SWG to prioritise HOPs i) with associated ground-based observations that were overlapping in a time zone and ii) in cases that generated mission telemetry use conflicts.

ACTION: Culhane to ensure that such cases were highlighted in SSC meeting notes; Ongoing

b. Action Items.

Savage to circulate focussed mode calendar

EIS team to discuss with the HOP 484 proposers appropriate EIS studies

c. Review/Discussion of Open HOPs and ToOs

- Actions from the previous meeting completed
- no changes to recent HOPs
- next PSP coordination will be from **March 25th to April 4th**
- Solar Orbiter coordination from **18 March to April 4th**
- Solar Orbiter flare campaign will run from **March 19th to April 6th**
- Flare rocket campaign **5th to 19th April**
- Eclipse **8th April**

d. Review of New or Updated Proposals and Scheduling of Observations

- 1 new HOP submitted: SUNRISE III support – launch window opens **25 May**

Continuing monthly observations are:

- **Polar Monitoring - Shimojo; CORE HOP 81**
- run on **10 April** (S pole fast) and **12 April** (N pole fast)
- **South Polar Panorama Map – Shimojo; HOP 206**
- **March** dates are: **16th, 19th, 22nd March**
- **Multi-temperature Full Disk Slot Scans – Ugarte-Urra, Brooks, Warren; CORE HOP 130**
- run on **9th and 30th April**
- **Synoptic SOT Irradiance Scans – Egeland, Centeno; CORE HOP 412**
- run on **18 April**
- **Cycle 24/25 Equatorial Transition - Egeland, Bryans, Centeno, Savage, Watanabe, De Pontieu; HOP 393,**
- run on **6, 13, 20 and 27 April**

Monthly Science Reports

- **Hinode** monthly science report prepared by the **EIS** Team has been uploaded
- next report will be submitted by the **XRT** team
- **NOTE:** Science chart site access has been changed due to IT requirements; **Savage** has established a new Google drive site for template and previous chart
- provide one summary slide for Hinode team management at MSFC and two additional slides for NASA HQ

f. Date of Next Meeting

- next meeting: **18 April 2024**, at **07:00 JST** and **17 April** as appropriate in US/Europe.

g. AOB

On-going reminder: press-worthy Hinode highlights to be sent to **Savage** prior to publication.
