When you have registered, you will receive an email with a link to join.

2. Webcam, speaker, microphone is required. It is possible even if there is no webcam, but it is recommended to use it for smooth communication. Zoom can also be used with cameras, speakers, and microphones built-in PCs and smartphones, but since the built-in microphone is easy to pick up noise and environmental sounds and prone to howling, it is recommended to use a headset.

3. Download zoom app from homepage: <https://zoom.us/>

(the app is available on Windows, Mac, iPad, iPhone, Android)

4. Test zoom connection in advance. Zoom operation confirmation page: <https://zoom.us/test>
