

The 8th Hinode Monthly Meeting Discussion Memo (by TW)

Date/Time: 28-Jun-07, 6:58 - 8:33am JST

Participants: Cobb, Shimizu  
Berger, Tarbell, Sekii  
DeLuca, Golub, Shibasaki  
Mariska, Doschek, Harra, Culhane, Watanabe

1. Instrument Status Reports

SOT(Tarbell): NFI-stable, Bakeout: UV degradation continues  
XRT(DeLuca): normal  
EIS (Harra): MHC software upgrades in August  
AOCS (Shimizu): UFSS "intensity saturation flag on" problem  
-solved.

2. Discussion of Proposals

a. Review of May/June campaigns

HOP12: Hida -satisfactory. Hoping two week allocation in M Aug  
HOP17: - successful  
HOP13: - continuing, successful

b. New proposals accepted & revised

HOP15: test run in July  
- not more than 20 hr continuing obs.  
HOP21: dates recommended Aug 25 - 31.  
HOP26: POC - currently Tsuneta  
HOP27: SUMER campaigns to be separated  
HOP27 -> Innes  
- added T00: Doppler Shifts in X-ray Jets  
HOP31 -> Madjarska  
HOP32 -> Doyle  
HOP28: (typo) proposer Tsiropula et al.  
HOP29: post dead line proposal accepted  
- IHY FILAMENT OBSERVING CAMPAIGN:  
Activity in Filaments and Filament Cavities  
HOP30: put a HOP number on Keenan proposal:  
- A search for enhancements in FeXV line emission due  
to opacity  
- no dates fixed for observation  
- @ EIS team  
- looking at the existing data set  
- need refining the observing sequence

c. July proposals

HOP18/HOP19 - remain as T00-type HOPs  
- obs. studies ready to go  
- observation to be conducted ASAP in July

3. Scheduling of operation plans for the next months

- see the attached pdf file

4. Core team joint observations and communication with WM

- confirmed: core team proposals do not need to be reviewed  
at SSCM nor MM.  
- EIS team suggested:  
- a week or two advanced coordination of observation among  
the instrument teams and COs.

- coordinations should be required, that need special pointing or targets of observations.
- coordinations be reported to the Weekly meeting, which includes the agenda of reporting a longer time span.
- TW volunteers
  - via co\_e-mails, monitoring of on-going coordinations as far as possible
  - put up those coordinations on the monthly events web page.
- Scheme for getting better MM-WM link to be discussed at SWG in Dublin.

## 5. Others

Next meeting: 26-July, Thr, 7am JST
